

Performance Calendar

2024 - 2025

The following list of performances are required in order to obtain full credit in band. The band director must be notified at least **two weeks in advance** if you are unable to attend a performance. Excused absences such as a conflict with another activity, illness, or emergencies do not need to be made up, as long as the band director was properly notified. Lack of proper communication will result in a grade deduction. If you have another event that overlaps with a performance, the [conflict resolution policy](#) will help you determine which event to attend.
